

We are Senior Move Managers.

We are specialists in helping older adults and their families with the emotional, mental and physical aspects of relocation, downsizing, or Aging-in-Place.

We are a team of seasoned professional organizers who can guide you through the process of letting go of belongings.

We have effective methods that help people sort, categorize, and decide what to keep and what to let go.

Throughout each project we help our clients with compassion, security and reliability in mind.

We help you downsize.

Downsizing is the decision to “rightsize” your life, which oftentimes means moving to a smaller home that is suitable to your current lifestyle.

We call this smart-sizing, which means paring down your belongings to fit your freshly chosen lifestyle. This is the time to choose cherished treasures to move on to your family and friends.

Once you choose your new living space, a layout of the space can help you determine what items move with you.

## What our clients say...

“When I called Perfect Order, they immediately put my mind at ease when I explained the difficult situation we were facing.”

“I was hesitant to hire them for fear I wasn't ready since I had so much sort-ing left. I explained my fears and they said, ‘that's what we are here for!’ ”

“Perfect Order worked one-on-one to build our aunt’s trust and to help her make hard decisions on what to save, what would make a nice donation, and what she could justify as trash.”

“Two years ago we moved to a new house after living in one for 31 years. It was Christmas time so we really needed things put away. It was extremely helpful to have everything put away at that critical time.”

“Perfect Order was invaluable in setting appointments for donations, trash, and coordinating the moving van. They helped our aunt onto the plane, and ultimately locked up the home after she flew out.”

I hired Perfect Order to decorate my grandma's new Assisted Living space. They created a warm and wonderful home with her existing pictures and furniture. I'd call them again in a minute for decorating, organizing or any need in our home.”

## Simply put, we help.

- We help you sort your treasures into groups to keep, pass down to family, give away, or sell.
- We arrange to ship, store, sell, or donate your belongings.
- We pre-pack your non-essential items to make your eventual move easier.
- We help you pare your stored paper records, and shred confidential paper that you want to throw away.
- We help you plan your new home’s layout so that you know which furniture to take with you.
- We settle you and your belongings into your new home to give you an instant feeling of safety and comfort.
- We work with Aging-In-Place professionals to help you decide how to remodel your home so you can remain safely in your home.
- We help you sort, disperse, and prepare an estate for sale after the passing of a loved one.

## Who we help...

- People who must relocate quickly.
- People who can no longer maintain their home.
- People with declining health with little or no surviving family.
- Family members or people grieving from a recent illness or a loss of a loved one.
- People dealing with a build-up of paper and treasures in their homes.
- Families struggling with age-related illnesses and conflict.
- Adult children that need help moving their parents or family members.

**Aging-in-Place** is simply the ability to live in one's own home - wherever that might be - for as long as confidently and comfortably possible.

The National Association of Homebuilders has a **Certified Aging-in-Place Specialist (CAPS)** program for remodelers trained in the unique needs of the older adult population, and aging in place home modifications.
